

ENERGY

in Today's Classroom

Consolidated Electric Cooperative is excited to provide local teachers with an opportunity to **earn 15 professional development credits — FREE!** Sign up now to attend the 11th annual teacher education program to be held at the Courtyard by Marriott in Jefferson City, MO, on August 1 & 2, 2023.

Educators who are teaching in elementary, middle school or high school science, math, agricultural science, building trades or a related subject are encouraged to take advantage of this **all-expense paid sponsorship**. In 2023, Consolidated Electric Cooperative will sponsor three local teachers covering expenses including registration, meals, instructional material and a kit of energy-related supplies to take back to your classroom.
